#### **Revenue**

The revenue increased by 11.03% or S\$3.11 million to reach S\$31.37 million for the period ended 31 March 2008 compared to S\$28.26 million for the same period in 2007.

The increase is mainly contributed by higher revenue from our operations in Singapore, Australia and the chartering of the seismic vessel in the joint venture, Nordic International Limited.

#### **Gross Profit**

Gross profit increased by 30.85% or S\$1.90 million to S\$8.06 million in the first quarter of 2008 as compared to S\$6.16 million for the same period in last year.

#### **Operating Expenses**

Our operating expenses consist of marketing and distributing costs and administrative expenses. Operating expenses registered 14.59% of total sales and accounted for S\$4.58 million for the period ended 31 March 2008 as compared to 14.40% or S\$4.07 million for the corresponding period in 2007.

#### **Net profit attributable to Shareholders**

Net profit attributable to Shareholders increased by S\$0.48 million or 23.72% in the first quarter of 2008 as compared to the same period in 2007.

## **REVIEW OF FINANCIAL POSITION**

#### **Current assets**

Current assets decreased by approximately S\$2.43 million, from S\$50.01 million as at 31 December 2007 to S\$47.58 million as at 31 March 2008. Trade receivables increased by S\$1.57 million which is in line with the increase in sales. Cash and cash equivalents decreased by \$3.63 million arising mainly from the deposit payment of \$2.69 million for the construction of the DP11 300 Men Accommodation barge.

#### **Non-current assets**

Non-current assets increased by approximately S\$13.63 million, from S\$48.99 million as at 31 December 2007 to S\$62.62 million as at 31 March 2008. The net increase of S\$13.63 million is contributed mainly by the increase in the construction cost of the liftboat of S\$12.31 million, a deposit payment of S\$2.69 million for the construction of the DP11 300 Men Accommodation barge and offset by the exchange loss of S\$1.35 million arising mainly from the revaluation of the cost of seismic vessel and the construction of lift boat due to depreciation in US dollar.

**Current liabilities**

Current liabilities increased by approximately S\$9.98 million, from S\$41.37 million as at 31 December 2007 to S\$51.35 million as at 31 March 2008. This is due mainly to the term loan used by the joint venture company, Yakki International Pte Ltd for the construction of the lift boat.

**Non-current liabilities**

Non-current liabilities decreased by approximately S\$0.96 million, from S\$7.92 million as at 31 December 2007 to S\$6.96 million as at 31 March 2008. This is due mainly to the repayment of OCBC term loan used for Nordic joint venture.

**10 A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.**

On year-to-year comparison, profits are up 24%.

The Group's supply business in Singapore increased by 8% compared with same period last year. The Group expects the Singapore's supply operations to generate higher revenues and improved profits for the current year against last year barring unforeseen circumstances.

Revenue from Australian operations have increased significantly, and we are returning to profitability. The Group expects the offshore supply business in Australia to contribute positively to the Group's earnings commencing this financial year.

We have opened a representative office in Liangyugang to service vessels coming in for repairs and dry-docking. Together with Liangyugang, we now operate in seven locations in China.

The charter of the seismic vessel, which commenced in September 2007, has a material impact on the Group's bottom line generating significant profit to the Group's profit for the period under review. The Group expects the charter of the seismic vessel to continue its positive contribution to the Group's profits.

The lift boat owned under the joint venture in Yakki International Limited is now undergoing its sea trials and delivery of the lift boat is expected to take place in June.
